

Wanted:
STATE SCIENCE BOWL COORDINATOR

Science Bowl consists of a separate Middle School (April, 09) and High School Competition (1/23/09)

Part-time contract position September through May with busiest times leading up to, and during, events. Approximately 10 hours per week and 25-30 hours per week the month before each event.

Candidate can work independently, is able to plan events, has enthusiasm for science education, good organizational and people skills, can develop timelines and budgets, work to recruit students, teachers, volunteers, and has the ability to work with National Science Bowl staff. The position includes attending national events as student chaperone.

Send cover letter and resume to contact@mnmas.org or
