

Workshop Training Announcement

Join the *Stop Aquatic Hitchhikers*™ Education Development Team!

For Science Educators (grades 4- 10)

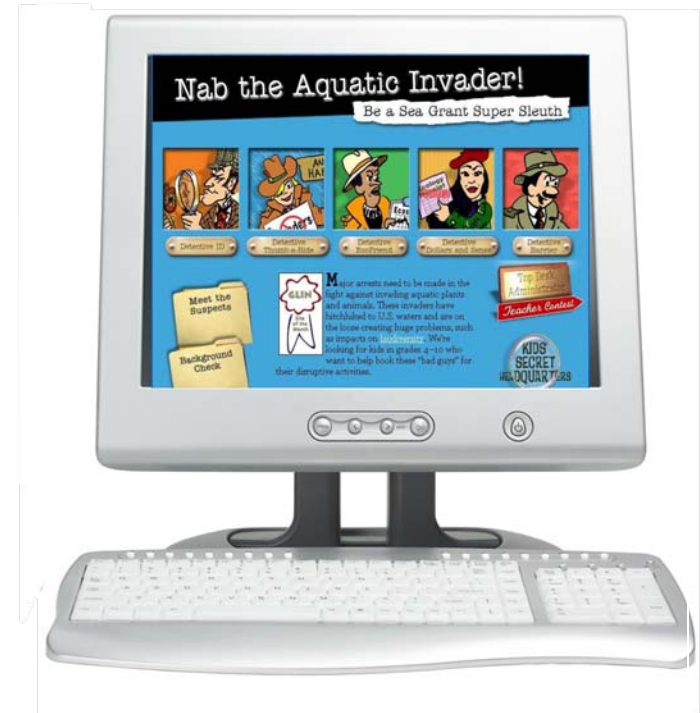

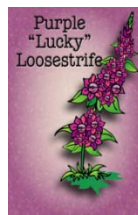

The Minnesota Conference on Science Education
Duluth, MN
Date: March 3rd, 2012
Time: 9:00AM to 12:00PM

Receive loads of classroom resources featuring aquatic invader lessons, games, and posters!

At this workshop, you will learn how to:

- ✚ Incorporate problem-based learning about aquatic invasive species.
- ✚ Integrate content about aquatic invasive species in your science units through the *Nab the Aquatic Invader!* Web site, www.iisgcp.org/NabInvader.
- ✚ Involve your students in community stewardship projects that will be shared globally.

For more information on aquatic invasive species education, please visit this site:
