

**Summer 2022 Benchmark  
Content Focus**  
Geology and Hydrology

## **ESTEP 2022 for High School Earth Science teachers!**

ESTEP is a fast paced, one week, bootcamp style, regional workshop that focuses on a specific set of earth and space science benchmarks AND the teaching strategies you will need to start making the shift to science sensemaking with your students.

- Deepen your understanding of earth science concepts through investigations!
- Utilize 3-dimensional strategies by DOING the science!
- Begin building confidence in your unit and lesson planning!
- Collaborate and discuss how phenomena and storylines relate to particular investigations!

### **Summer 2022 ESTEP Dates**

June 28 – July 1                      Minnesota State University, Mankato

July 25 – 29                              Minnesota State University, Moorhead

Cost is \$390.00

#### **MnSTA/ESTEP Diversity, Equity and Inclusion Statement**

We are committed to reflecting the diversity of Minnesota educators that participate in our programs. We are especially focused on teachers of BIPOC and underrepresented populations, alternatively licensed educators, and educational assistants working toward licensure.

#### **Benchmark Content Focus in Future Camps**

- ❖ Astronomy and Cosmology
- ❖ Meteorology and Climate
- ❖ Geologic Time
- ❖ Earth Systems
